UC Davis Center For Plant Diversity
And The Davis Botanical Society

Invite you to:

A Celebration of 100 years of the Crampton Herbarium

Rather than our usual winter quarter botanical tea, we have something special to celebrate. Please join us!

WHEN: 4-6 PM Wednesday February 27, 2013
WHO: anyone with an interest in plants
WHAT: light refreshments and good company with a display relating to the history of the Crampton Herbarium which began as the Agronomy Herbarium in 1913 on the UC Berkeley campus.
WHERE: UC Davis Center for Plant Diversity, 1026 Sciences Laboratory Building, UC Davis Campus
WHY: Winter quarter is a great time to look at dead plant specimens indoors and to connect with other plant-enthusiasts.

Please contact Ellen Dean (eadean@ucdavis.edu) if you have questions or would like more information. We look forward to sharing camaraderie among plant enthusiasts from different backgrounds. Please join us!
