

*The UC Davis Center for Plant Diversity Presents  
Volunteer Sunday Afternoons 2018-2019*

*Oct 14, Nov 18, Dec 9, Jan 20  
(Sundays from 2 pm to 5 pm)*

*1026 Sciences Laboratory Building, UC Davis Campus*

Come to the Center for Plant Diversity one Sunday afternoon this fall/winter. Parking is free and convenient. Snacks will be provided. If you enjoy plants, museums, libraries, or just working with fun people, the Center for Plant Diversity may be a good place for you to volunteer a few hours. We have many different volunteer jobs that are waiting for enthusiastic people to fill them. Tasks that we particularly need help with include:

- Mounting plant specimens
- Filing specimens
- Labeling specimen folders
- Making labels for specimens
- Plant identification (for people who are confident using the Jepson Manual)

Please contact Ellen Dean at [eadean@ucdavis.edu](mailto:eadean@ucdavis.edu) or 530-752-1091, if you are interested in attending and helping out!

The Center will also be open for general use of the collections during these Sundays.

Access to the Center will be through the loading dock door off of Hutchison Drive.
